

MRS. W. B. DAY LEADING

From An Old-Timer

Dear Mountain Eagle: You come into my Southern abiding place as a sunbeam flitted from the hills where I was born. I read you as a dear little missive like a love letter. "How dear to my heart are the scenes of my childhood" and that little old "well" in your yard. My heart jumped when you spoke of Aunt Minerva and Aunt Sokey. I speak of her as Grandmother Sokey. I well recall back yonder when the first weekly mails started after the Civil War. I carried that mail from Hazard to Whitesburg, also from Hazard to Hazelgreen—one round trip a week. The idea of a daily mail then or of a daily newspaper had never entered the mind of a native boy then. But what a contrast then and now! Think of what the last few years have wrought. I almost shudder to believe my mind and eyes. Yet those were really happy days compared to the rush and hustle and nervousness (I like to have said foolishness) of these latter ones.

I often think of our good grandmothers in their days and just how their motherly eyes would stretch and how their hearts would shudder could they behold their granddaughters in these days. But I must desist. There are too many different things flooding my mind. I trust Aunt Martha will write for our Eagle constantly, and that she will live a long time. My hand is tired as I don't write much these days.

Some of your readers, I hope, will recall me.

Your old friend,
ESAU OF OLD.
P.S.—All of my acquaintances here call me Uncle Dave or Grandpa.

Crippled Lady

Sells Property

In order to have the ordinary necessities of life, and particularly to be able to take her children to the Moose home at Moose heart, Ind., Mrs. Martha J. Carter, the widow of the late W. H. Carter, is parting with her property at the lower end of Haymond. This will be sold by the Norman Auction and Realty company on next Saturday. Her many friends should see that this property brings as much money as possible, so as to help her in her crippled condition as well as that of her children.

SPEED CAN WIN!

Interest grows by leaps and bounds in the Mountain Eagle's big race for a PONTIAC BIG SIX SEDAN, as the first period ends and the second period gets into full swing. Club members are working with might and main, well supported by friends who loyally rally to aid their favorites. The pace is now starting brisk, with every club worker determined to BE IN THE LEAD AT SATURDAY'S COUNT.

Locate your favorite in the list, and get behind her with your subscription to the "newest" paper in this territory. You will want to take the Eagle right on through the years, or send it to someone else, so why not help one of these worthy workers at once, and YOURSELF enjoy the thrills of the WINNER? The help of YOUR subscription may be just that necessary to put your favorite over.

How many of the club workers are going to take advantage of the full second period and gather in all of your "promised" subscriptions, and enough new ones, to put you in the lead at Saturday night's vote count. Go to your friends and show them just how easy it will be for you to win. See them NOW, and get the added support of their subscriptions. Figure it up and bring in enough subscriptions to put yourself at the top of the list.

From Another

Aged Letcherite

Ben-Hur, Ark., 9-30-29.

Editor The Eagle:

How's everything? Well, I am beginning to feel like John Quincey Adams said to a friend he met one day in Washington city. Said the friend to John, "How's John Quincey Adams today?" John Quincey Adams is very well, thank you, but the house John Quincey Adams is living in is becoming shaky, and it has occurred to me that John Quincey Adams will have to move out some of these days.

So it must happen—so it must be according to the laws of nature. I have lived to be eighty—and then about three-fourths of a year on top of the eighty, and yet I can't say I feel old. Feeling old is really a state of mind—if you think you are getting old you certainly will realize it; for as the Book of Books says: "As a man thinketh, so is he." John D. Rockefeller, Sr., says: "Deep breathing and exercise keep me young."

"Finding the bright side of life," as we hear it on the telephone, has much to do not only with one's happiness and contentment but with one's longevity as well. I often watch the sun rise over the Boston mountains. It thrills me, for I know in a short time the hills and dales will be flooded with a burst of golden sunshine that the very birds greet with songs of joy.

The old planet that has been working along perhaps millions of years, according to geological time, I have found to be a pretty good place to "camp in," for we camp here only for a time and sooner or later we must pull up the stakes of our tents and move out to camp no more, but to enter a beautiful realm prepared for those who love God. Now the momentous question is, are we so prepared?

It does me good to read the occasional articles in the Eagle from "Aunt Martha." Why so? Because there is a spiritual something in them that warms my heart! If we would do as "Aunt Martha" so fervently suggests, what a change for the better it would make! May the Lord help us so to live and die! As the poet would have it, "It is not all of life to live nor all of death to die." There is a future life and a future death—a life in heaven and a "second death" in hell.

WEBSTER JOHNSON.

Nathan L. Lucas, farmer, of Lester, is announcing as a candidate for Member of the Board of Education this week to be voted for at the coming November election.

Out of no selfish purpose whatsoever, the Editor of the Eagle for himself, his household, employees and his friends, offers sympathies to the heartbroken parents, brothers and sisters and others whose hearts have been rent by deaths in their families in the last few days. Please accept these as the best offering we have and can give.

Mr. and Mrs. Mack Norman, of our city, have returned from a motor trip in North Carolina and other parts south.

William Curry, proprietor of the Boston Bargain Store at Neon, ever alert and ever ready to give his customers the most goods for the least money, and knowing by years of experience that advertising is the way to let the people know it, was in to place large orders for printing and advertising. Young Curry just will lead if possible in his business, and his faith in Neon is so strong that he is willing to spend thousands of dollars annually in order to please and benefit his customers. The attention of our nearly 2000 readers in the big coalfield is called to the big double page ad in this week's Eagle. Here's bargains galore on Sept. 27th and following.

COLSON

Our school is getting along just fine. We have a fine teacher—the best Letcher county affords. Our school has had a box supper, and we bought a school bell, water coolers and pencil sharpeners with the proceeds. The superintendent was with us talk. We were all glad to have Tuesday, and made a real nice him with us.

The community has been fonder for the last two weeks, and our attendance has been lower than common.

We have had three ball games this year with the Buffalo team. Our team was beaten.

Versa Everidge hasn't been in school this week. She is very ill from the effects of typhoid.

Grace Craft has been ill from poison on her face, but is better. The community was very sorry to hear of the death of Lonnie Yonts.

Jasper Niece and Harrison Gibson are going to make molasses next week.

Opra Collins, son of Mr. and Mrs. Gilam Collins, and Grace Thornsberry were married a few days ago.

Lawrence and Lonzo Watts were visitors at Colson Tuesday. Mattie Sexton was home Sunday from Haymond, where she is attending school.

Blain Collins is out working for the Singer Sewing Machine Company this week, trying to win a "gold" prize.

Dorothy and Cova Niece went to Knott county Sunday, and had a fine time.

Mr. and Mrs. Wayne D. Clotts, of Neon, are boasting of the arrival of a new baby boy, tipping the scales at eight pounds, named Walford Donald. Mrs. Wilmer Collins, in our contestants battle for the big Pontiac, is the baby boy's aunt.

THE HIGHEST YET

This week Lee Hale brought to the Eagle office what we believe to be the tallest stalk of corn ever produced in Letcher county. The stalk measures exactly sixteen feet and nine inches in length and has a large ear of corn on it which grew exactly ten feet from the ground. Mr. Hale says he has a field of corn of several acres, all fine, but that none of it grew quite so tall as the sample brought to us. Has anyone a larger stalk of corn?

Club Members Display Renewed Pep This Week After Credit Schedule Takes First Drop

Mrs. W. B. Day Holding Slight Lead With Several New Workers Coming On Up Toward The Head Of The List

CLIMAX NOW DRAWING NEAR; HELP YOUR FAVORITE NOW

The first period of the Eagle's big subscription campaign, which closed last Saturday at midnight, was a big success. Thousands and thousands of credits were polled by club workers who have hopes of being declared one of the big winners on Saturday night, October 12th.

It is a strange co-incidence, something slightly unusual in affairs of this kind, but each club member benefitted so equally during the first period that it took close figuring to determine the real leaders from one report to the next, and it is quite evident that all the workers will be "on their toes" from this day on and will not overlook a single subscription anywhere.

Campaign A Success

The Mountain Eagle is more than proud of the results that the club workers have accomplished, as hundreds of subscriptions have already been turned in to the campaign department and are now receiving the Eagle regularly.

From all current reports, many hundreds more of long-term subscriptions will come in before the campaign closes. Each and every worker is trying hard this week to get in the lead, as this race is starting swift now, and the next two and one-half weeks will show real action from every quarter.

Just a few more subscriptions from any one of several, and there would have been a very different tale to tell.

Watch 'Em, Folks

The people of Letcher county will see a race from here on that will contain many thrills and much conjecturing as to who will lead the race from one report to the next. It is absolutely certain that the club members and their friends and backers are doing all in their power to make the rest of the race an exciting episode.

Renewed Pep

The first period of the Eagle's campaign is now history, but every one is watching with much interest the results that will come in from the active club workers during the swift second period.

With the opening of the second period, the workers have taken on a grim attitude of determination that resolves they will be second to none by the time the last big week of the campaign rolls around. The credit schedule has taken only a slight drop, but the workers realize that the next cut will lower them to just about half their original value. Get in a winning report Saturday. The more you get done this week, the closer you are to the much coveted first prize; and the wide-awake campaigner will not be conservative, but will show the world with an A-1 report Saturday that they are not asleep to opportunity, and will draw their standings right up to the top notch at that time.

The club members who finished the first period as leaders, realize to the fullest extent that the battle is not yet won, for others aspire to climb around them, at the first show of slowness up, and that they must work even harder than ever if they expect to finish at the head of the list. They know that the interest of the most lagging of the club workers is revived by the nearness of the climax, and will do everything in their power to better their standings.

Public Interest

As the time drew near for the closing of the first period, much public interest was in evidence. This is as it should be, for the public should be interested from two viewpoints: 1 the progress of their favorite club worker, 2 the growth of their local newspaper, which is only possible through the subscription medium.

A boosted subscription list means a boosted Mountain Eagle (for it can then better do for the county what it sees needs doing for the benefit of all concerned). A boosted Mountain Eagle means a boosted Letcher county. Let's go, folks, subscribe now.

Friends of the club members are deriving quite a bit of satisfaction out of helping their favorites in this fight for a \$1,000 automobile, and it is their help and interest that is spurring the workers on and making them fight every inch of the way.

Support Needed Now

Folks, the time to show real friendship has arrived, and now as you read these lines, your favorite is in need of the help you intend giving him or her. Why delay? (The credit schedule counts for so much more than it will the last part of the campaign.) He or she needs your help as soon as you can get into communication with them. The wise worker will get in touch with all his or her friends before Saturday night, and be able to come in with a report that will distinguish them from those who are playing along in this race. The wise will profit! Now, let's see who can read and understand plain English. Decision, followed by action, may mean the Big Six Pontiac to you! We shall see.

Your favorite needs your support now, worse than ever before, because each one will be in the field rounding up every promised subscription, and the sooner you give her or him the help of your subscription, the more time he or she will have to hunt for another. And thus, your favorite will be getting toward the goal faster.

IT CAN BE DONE!

Quick Justice Needed

At Hazard a thief entered the Stiles jewelry shop, robbed it, was arrested soon after, indicted, tried in Circuit Court, and on the third or fourth day after committing the crime, was on his way to the penitentiary. This is the sure way of stopping much of the crime, thievery and other violations that are so common these days. The idea of delaying trials till the track grows cold appeals to the criminal, and often defeats the very purpose and intent of the law. If a crime is committed, why wait till every sensible man and woman in the country hears all about it, thus becoming ineligible for jury service? Trial by jury is designed for a three-fold purpose, to punish the criminal, justify the guiltless and set an example to those criminally inclined. The court and jury that does these things exercises one of the highest duties within the province of citizenship.

Prominent Young Man Passes From Time

Like a fleeting cloud fraught with shadows, the death veil came over the home circle of two of our leading families in the past few days, and removed one of their most loved inmates. Just a little more than a week ago a small pimple appeared on the handsome face of young Lonnie Yonts, son of Mr. and Mrs. Henry R. Yonts, of our city. Nothing much was thought of it, but soon inflammation started and began to spread. Septicemia, or blood-poisoning, resulted, and with the very best medical attention that could be secured death rode the high horse, and last Monday morning he passed from life. Lonnie was about twenty-five years of age, highly educated, proficient in many ways, a teacher of several years experience, the pride of a large circle of relatives and friends and one of the highest class young men in the county. Orderly walking and strictly religious, he was a model for all who knew him. His death creates a shock that will long be felt in Whitesburg and around Neon and Jackhorn where he was reared and where he had established such a noble reputation.

A little more than two months ago he was married to Miss Thelma Sergeant, the bright and attractive young business daughter of Mr. and Mrs. Jno. D. Sergeant, of our city, and they had merely started a life of sweet and happy felicity. Like a titan, the little lady stood in the midst of the struggle, a true soldier, doing her best to fight back the invader into her prospective home, but to no avail, and at the last collapsed into the arms of her friends almost a lifeless form.

We can never know! God rides upon the storms. We can never know when a bolt of his power may invade our home, the family circle, and pluck our dearest. Lonnie Yonts was a strong, ambitious young man with an apparent long and successful future before him. But the Dispenser of all things willed different, and we bow feebly to His will.

Lonnie leaves to follow him a father and mother and five sister and four or five brothers. He leaves a young widow to grieve after him. Besides these, he leaves a large relationship and thousands of relatives and friends. To all these we offer our tears and our sympathies.

Funeral services for the deceased were conducted at the church house in Neon, Tuesday by a number of ministers including Bro. Enlow and Eld. G. B. Adams. Interment was made at the family burial place near Hemphill.

Booming Around

Haymond

Saturday next, the Norman Realty Auction Company, of Whitesburg, will put on another lot sale that will put the building and booming further into Haymond and mouth of Poters Fork. The Guy Holbrook property and the widow W. H. Carter property is to be sold to bidders. This property has long been the wished for and longed for prize in the eyes of those who would build homes and otherwise utilize it. Its now on the block. It is right on the prettiest paved highway in Bel-the mountains, it's right in Haymond's door and it's in the short jump of Seco, Neon, Flem, Dunham and Jenkins. Why, it's the very heart of the big Elk-horn coalfield! The Eagle is not interested in the sale, only it wants working people to go on the block. THE KENTUCKY PROGRESS MAGAZINE

Only lately has the Kentucky Progress Magazine come into existence. We have watched its development from its initial issue and have constantly wondered whether Kentuckians would catch the spirit of its greatness and manifest their approval of it by supporting it. Those who have seen it are unanimous in proclaiming it the finest publication of the kind in this entire Southland. It breathes inspiration for real Kentuckians from the first to the last page. It is a force, a power in Kentucky progress. Every Kentuckian should read it. The October issue, just off the press, is a snapping, burning flame. C. Frank Dunn, Frankfort, will mail copy.

Yes, dear reader, we'll be glad when our subscription campaign is over, for then we can and will give you a much better Eagle.

Last Sunday the sun stood still for the dreth part of a second, and wept no doubt for that time. A death was occurring, the summer was dying and the flowers and trees and birds and bees were weeping. Yes, summer is dead, the fall is here, and the cold winter is just around the corner. Already the winds are sighing, there's a sobbing, sad look on the face of the hillsides, and all nature presents a picture of loneliness.

Wanted, Copies of the poems, "Curfew Shall not Ring Tonight," "Harry and the Guide Post," "Oh, were you ne'er a school boy" and "The Psalm of Life." Other old poems, those that inspired and enhanced in the long years ago. To say the least, these old poems inspired and shaped the lives and moulded the careers of such men as Adams, Jefferson, John Quincy Adams, Lincoln, Garfield, McKinley, Roosevelt and Wilson. We need such inspirations and mouldings again.

SERGEANT

School and Community News
The school is getting along nicely as usual, and we are getting ready to look backward to see if we have accomplished what we should during the past month of school. Friday will end our first month, and we feel that most of the girls and boys have made progress. We do not like to take on that egotistical air, since we realize that there is always room for improvement.

The teachers have set aside Wednesday night as a get-together night for parents and teachers for the purpose of organizing the well known P.T.A. We are hoping that we are going properly and that the P.T.A. will be an invaluable aid to our school.

An interesting program was given last Friday afternoon by Mr. Adams' room. It really was enjoyable. Miss Crawford's

room has the floor for next Friday. Parents are especially invited to come, see and hear. The Rev. Swanson, of Seco, has just returned from Lexington, and we enjoyed having him with us at Sunday School the past Sunday. Rev. Swanson preached an able sermon after Sunday School.

Mrs. Nancy Mullins, of Scud-dy, Ky., was in a car wreck on September 22, and was seriously injured. One child was killed in the wreck. We extend our sympathy.

Virgil Hunsaker, of our town, was suddenly attacked with appendicitis at seven o'clock Tuesday afternoon. He was taken to Seco hospital and was operated upon. We are glad to report that he is getting along nicely, and we are hoping that he will recover soon.

Little Juanita Webb, daughter of Mr. and Mrs. Sam Webb, added another candle to her cake. Juanita is just one year older and the end of this year called for a treat, so she entertained a host of her little friends with the usual birthday party. Every one had a nice and enjoyable time. Juanita, we wish you many, many happy years to come.

Mr. and Mrs. Sallings and their son, Bill, and daughter, June, have gone to Virginia to spend the winter. We didn't want to give them up, but we're hoping that our loss will be their gain.

Sergeant School

The Sergeant school is progressing nicely, even though it is handicapped on account of the scarcity of books and crowded condition. We understand that these conditions are common in most of the schools of our county, and we believe that such will test the true worth of teachers, because they are thrown on their own resources. If the schools of our county are successful this year, we can rest assured that we girls and boys have a splendid corps of teachers. We are determined to make

this year the best in the history of Sergeant. This year must be better than last year, or we will be a failure. We realize that there is no standstill, we either go forward or backward.

We are wishing all schools of Letcher the greatest of success.

Community News
The Sergeant Sunday School at tendance Sunday the 15th, was eighty. The superintendent of of the Sergeant Sunday School is Mr. D. B. Franklin. We are trying to go over the hundred mark.

D. B. Franklin, of Sergeant, has offered a prize in Sunday School for the one that is the quietest from the 29th of September to the 25th of December. Emmet Taylor, of Apex, died Saturday morning at 4:15. Was buried at Rockhouse Sunday, the 15th of September. He was the husband of Mrs. Nannie Taylor, and a member of the Sergeant Sunday School.

Jerry Mitchell, of Scuddy, visited at Mr. and Mrs. Field's home Saturday morning. Mrs. Charlie Combs, of Colly, is visiting Mr. and Mrs. A. H. Holbrook at Sergeant.

Mrs. Adington, of Virginia, visited her daughter, Mrs. Vesta Franklin, the wife of D. B. Franklin.

Potter's Fork School

Rural nurses, Misses Wilken and Fisher, were here Monday giving inoculations. Several of citizens went to Jackson this week at the request of Federal authorities.

Mrs. S. J. Wright's mother is here this week visiting relatives and friends.

Four of our pupils are gone, Lorine and Irene Wright to Russell and Mildred and Darrel Sanders to Dunham. Vernard Webl made the best grade on spelling, 100%. Our average last month was twenty-nine, about 80% of census.

In a few weeks we will give an account of Pottersfork's leading citizens. There will be an other article giving community life on Pottersfork.

STRAY HOGS

There has been around my home and on my farm a sow hog and four pigs. Sow is black with white stripes across shoulders—marked crop of each ear and a split in each ear. Pigs are black and white spotted, about one month old. The owner can have these hogs by paying \$2.00 for this notice and expense of keeping.

To all the Voters of Magisterial District No. 2: I am an independent candidate for Justice of the Peace in your district and will very much appreciate any help and support you can give me in the coming November election. You will find my name under the "open book." If you elect me as your Magistrate, I will serve you earnestly and honestly.

C. H. BACK ANNOUNCES FOR TAX COMMISSIONER

To the Voters of Letcher County:
At the earnest request of so many of my friends, I have at last decided to become a candidate for election to the office of County Tax Commissioner of Letcher county, subject to the action of all the voters at the general election, Nov. 5, 1929.

I believe in a fair and equal assessment to all, and feel that each man knows the value of his own property better than the Tax Commissioner, who probably never saw your property, could know.

I feel that all property is listed too high, especially our personal property, which is listed higher than the same class of property in our adjoining counties.

I promise you that if elected your Tax Commissioner, your list will be recorded as you gave it to me, and that there will be no automobiles, cows, hogs or anything added to your list.

I promise to use every effort to reduce taxes, and to take care of you interests in every way possible.

I will be a candidate on the Square Deal ticket, and my picture will be the device under which my name will appear on the ballot.

I hope to see each and every one of you before the election, and have a talk with you on the matter, but in case I do not get to see you, go to the polls on Nov. 5 and vote for me and I promise to make a Tax Commissioner you will be proud of.

Again soliciting your votes and thanking each and everyone for any and all favors, I remain,
Your friend,
C. H. BACK.

Appeals For Support

To the voters of Magisterial District No. 8: As many of you know, I am the Democratic candidate for Constable of your district, and, to be plain about it, I want to ask all of you, regardless of party name to vote for me at the coming November election. I promise you if I am elect-

ed I will make you a sober, careful and efficient officer. My party name will have nothing to do with me in the discharge of my duty. I stand dedicated to good schools, churches and obedience to the law. I know our people are glad and willing to have an officer like this. If you do, please remember to vote for me when the election comes.
Your Friend,

IF YOUTH KNEW WHAT AGE WOULD CRAVE—IT WOULD BOTH GET AND SAVE

SAVE!

Youth does "get" but, unfortunately, not always "saves." Blindly it succumbs to life's temptations, letting its money slip through its fingers as fast as it comes in—never thinking that those ill-spent dollars some day might be buying the comforts that "old age craves"

The lesson is obvious. Every dollar not needed should be put in a Savings Account with some bank. Why not with us?

We pay interest!

DO YOU USE CASH ?

If you are in the habit of paying your bills with cash, it may get noised around that you keep a good bit of cash on your person or at home.

That makes you a mark for the burglar or the hold-up man, and they are not pleasant fellows to deal with.

The best and safest plan is to keep your money in bank and pay with checks.

THE BUSINESS OF LIFE

The rain comes down and the wind blows cold, but the men go trudging by,

For the work of the world goes right along regardless of sun and sky. And the business of life must be carried on regardless of those who die.

Sit down at the window pane of life when the storms begin to blow, And watch the faces of toilers grim as they hourly come and go, They must bear their burdens and face their tasks in spite of rain or snow.

The captains pilot their ships at sea and the stokers stoke their fires, Though the waves roll high and the tempest sings a dirge through the frozen wires, And I think sometimes that the storm-king laughs in glee at the man who tires.

Fit for all weathers a man must be! Who shrinks from the pelting rain And dreams forever of sunny skies, shall find he has dreamed in vain, For all must trudge through the storms of life to the goals that they would attain.

So stand you staunch at your post of life, keep faith when your joys have gone, In spite of the hurt and the waste and gloom that you wake to look upon, In spite of all that the fates may send, the living must carry on. —Edgar A. Guest.

Stuart-Robinson

It was indeed a great pleasure last Friday morning at chapel to have with Rev. Darby Fulton, of the foreign mission office in Nashville, Dr. E. P. Gurrant, of Winchester, Rev. O. V. Caudill of Whitesburg, and our own Mr. Cockerham, all of whom took part in the chapel exercises. Mr. Fulton is a native of Japan and has been a missionary in that country. His talk was wonderfully interesting, helpful and full of inspiration. Dr. Gurrant says he lays no claim to being a public speaker, but it is a noticeable fact that Stuart-Robinson audiences are always delighted to listen to him.

This week Rev. S. M. Logan, of Winchester, who is conducting a revival meeting at the Presbyterian church in Blackey, is speaking to our student body every morning at chapel. It is a privilege to hear the plain, earnest sincere gospel messages that Mr. Logan is bringing to us from day to day.

W. L. Cooper, Jr., Miss Emma Bartholomew and Miss Mary Ervin were shopping in Whitesburg Thursday afternoon.

In our recent tennis tournament, of the fourteen who entered, all were eliminated in the semi-finals except Carl Whitaker, Jimmie Tice and Tom Jennings, and in the finals all were eliminated except Jimmie Tice and Tom Jennings. Jennings won with a score of 6-1; 4-6; 7-5; 8-6.

The following new dormitory students have come in since last week: Gertrude and Clyde Meece, Parson Smith, of Hazard, and Duane Gatliff.

Rev. and Mrs. H. L. Cockerham were guests of the school at lunch Friday.

Mr. and Mrs. Whitaker, of Charleston, W. Va., are visiting their aunt, Mrs. A. V. Walters, in Blackey.

Rev. S. M. Logan is being entertained at the manse during his stay in Blackey.

Mrs. Thomas Jennings and Mrs. Lewis, of Whitesburg, were with us for a short time Monday afternoon. Mrs. J. M. Phillips and Misses Caroline Stacey, Pauline Davis and Jennie Lee Crafton were guests of Rev. and Mrs. H. L. Cockerham Sunday. The faculty play, "Patty Makes Things Hum," which was presented Saturday evening, was thoroughly enjoyed by a very appreciative audience. Those taking part in the play received many congratulations upon their talent and ability. The proceeds of the play amounted to \$51.65.

An all-day meeting of the Woman's Auxiliary was held in Blackey Monday.

Dr. Collins and Misses Fisher and Wilkins, of the Letcher County Health Unit were giving vaccinations at the school Tuesday.

Misses Frances Rolston and Jennie Lee Crafton were guests of Mrs. Arnold Asher, of Woodcock, at supper Tuesday evening. The seventh and eighth grades enjoyed a hike and a picnic lunch at the farm Tuesday afternoon and the seniors had the same pleasant experience on the top of a neighboring mountain Friday afternoon.

By Watson Webb
'Twas near the hour of midnight, when all were asleep in bed, That the cloud did burst and the rain was overhead.

'Twas all done very quickly by the One with a mighty hand; One who is Creator and King of all the land.

It happened in the mountains where the Anglo Saxons dwell, And the damage done to the rugged hill no human tongue can tell. But, to really get the meaning, either you or I, Is to see the destruction with thine old natural eye. The counties thereat were most seriously effected were Letcher and Perry, Which has caused the inhabitants many hardships, grievances and much worry.

It only proves that there is One of superior power, And that he may visit us at any hour. He may come while we are sleeping, Or he may come while we are awake, So, let's guard the path to righteousness and be prepared to take.

THE MAN WHO DOES HIS BEST

"We cannot all be famous—if we were 'twould cheapen fame; We cannot all be rich enough to give ourselves a name. We cannot all expect to be distinguished from the rest, But some reward is certain for the man who does his best."

ERMINE

Sam Hall, who has been delivering mine timbers to the Consolidation Coal Company at McRoberts, had the misfortune to get his truck burned. Mrs. Rebecca Mullins, of Yeager, Pike county, and her sister, Mrs. Charlie Hall, of Neon, were pleasant visitors here over the past week-end.

Everybody is singing around Bernard Stallard's home. It's a fine boy. It arrived last Saturday morning. Otto Hart, the grand-father is stepping high.

Whooping cough is prevalent in this vicinity, and several of the first grade school children have the cough.

Mrs. Opal Polly Hall, who has been very low with typhoid, is making some improvement, we are glad to report. We are glad to have in our community Bill Stamper and wife. They have recently moved here from McRoberts.

Notice!

The people of Whitesburg who will have their coal delivered now can have it for \$3.00 per ton. The very best and cleanest coal from the Speaks Bros. mines. Coal is cash on delivery. No accounts kept. I guarantee full weight and absolute satisfaction. Just a word and you get your coal.

Yours truly, BOB JONES.

Run-Down

"About seven years ago, I was all run-down, worn-out and never felt good," says Mrs. Harry Cantrell, of Cape Girardeau, Mo. "A chair would be more welcome any time than my work. I was so tired when I would arise in the morning. Instead of being rested, I felt terrible. At last, mother told me to take Cardui, and I did. After the first bottle, I could tell a difference, and when I had taken five bottles the tired feeling was all gone. I felt like a different person, thanks to Cardui. I hope that other mothers will try Cardui. I have been wonderfully benefited by it." Try Cardui for your troubles.

Campaign Advertises

A campaign means a connected series of operations to bring about a certain result. The best method in this modern age to bring about this result is by advertising. That is the prime factor of this campaign—to advertise The Mountain Eagle before the public by having an army of popular sales ladies and salesmen in the field and creating public interest.

One of the best forms of advertising is by word of mouth—therefore—the present campaign—to get as many people as possible to talking about the already well known Mountain Eagle. This publicity is worth the cost of this valuable array of awards that we are giving to the most successful club workers in our big circulation campaign.

Subscription List Measures the SUCCESS OF ANY NEWSPAPER

A paid-up subscription list is the heart or nucleus from which the newspaper grows. It is absolutely the life and success of any newspaper. The Mountain Eagle must have this basis from which to grow. It is true we have a large paid-up circulation, but we want a much larger one, to enable us to keep in step with the growth, development and progress of

the important territory which this newspaper covers. Our goal is a paid-up list of 3,500 subscribers, which means an average of more than 18,000 readers to every issue of the Mountain Eagle. That will spell success to the Eagle in every sense of the word. It will be a far greater circulation than any other newspaper in this field.

This Is Just A Co-operative Proposition

The Mountain Eagle believes that co-operation is another prime factor in the success of a newspaper. With the right amount of co-operation, it will climb to the height of success. This is the principal reason why the Eagle is giving this very valuable and attractive list of prizes to the workers in this campaign.

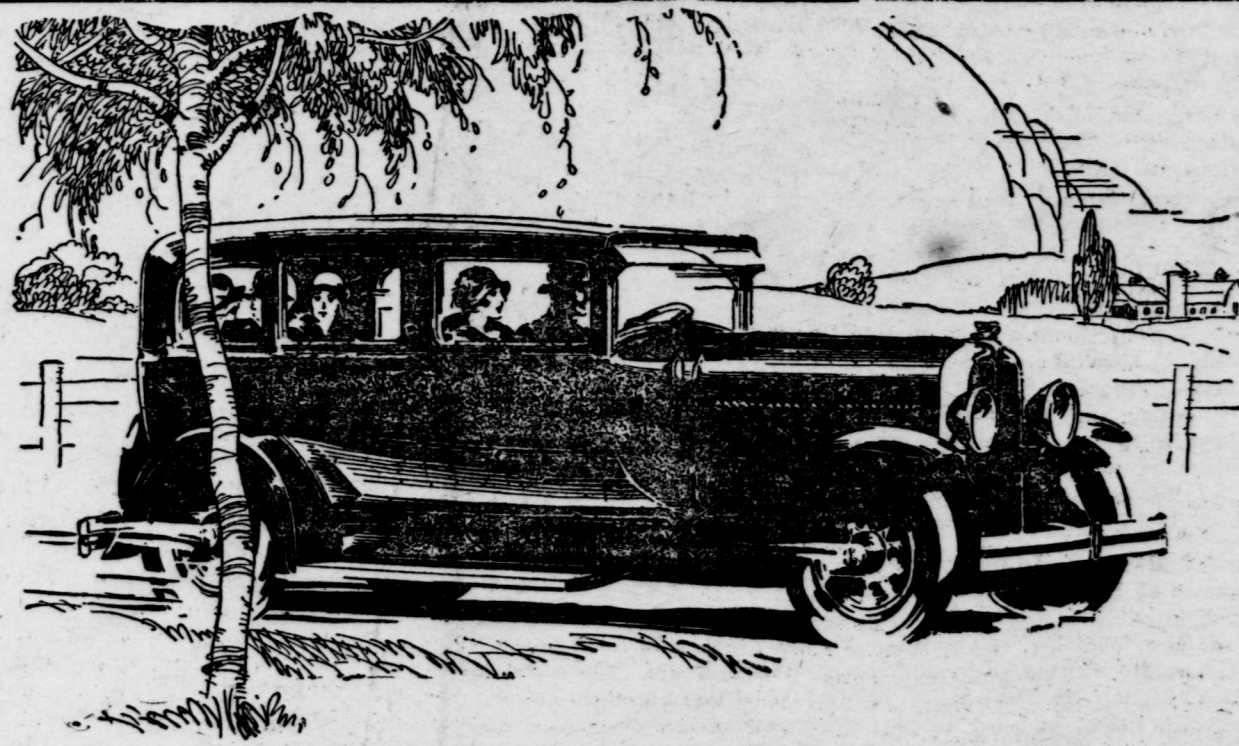

It is our firm belief that in this method, a good-fellowship and friendly feeling will be created throughout this section, and will develop into such co-operation that every worker and subscriber who has participated in this campaign will become a booster for the Eagle, and on the expiration of their subscriptions will renew them voluntarily.

No newspaper ever realized and profit from their circulation. The cost of the paper on which the news is printed will amount to more than the

subscription price. And again, the postage alone on a newspaper will amount to a considerable sum in the course of a year's time. Every person who subscribes to a newspaper must realize that it costs more to publish the paper than the amount for which it is sold. There is not another article in the world that is sold, year in and year out, for less than it costs to produce it. Today is "bargain" day for you. Subscribe for as long as as long as you wish.

At the same time, you will be helping one of the deserving workers in this campaign to one of the most valuable awards ever given for so little an amount of time and effort. Get behind your favorite with your subscription for the full 10-years and help them win a Pontiac sedan. Help your favorite now.
